He suggested youths to use their potential for the progress of the country. Besides, they must become ambassadors of self-employment.

Deputy Commissioner K A Dayananda said each person is unique and he/she will have special skills. Using them effectively is based on their intelligence. Innovative thinking is also essential for success.

He also noted that the early inventions were not done in any higher education institute. Common people's uncommon thinking was also the reason for it. Commitment, hardwork and time-management are essential to achieve success.

He suggested youths to study a problem effectively and discover solutions for this. Innovative thinking is essential to achieve success in any field.

He also regretted that youths are ignoring the farm-
